

Invited talks on informatics in the past CIRP Annual Meetings

2018:

1. **The Cancer Imaging Archive – exploration of support for archiving and sharing of co-clinical imaging data**

John Freymann, NCI

2019:

1. **DICOM for small animal pre-clinical imaging and whole slide digital pathology**

David Clunie, PhD, PixelMed Publishing LLC

2020:

1. **The Cancer Imaging Archive (TCIA): FAIR Data Sharing for Cancer Imaging**

Justin Kirby, PhD, NCI

2. **National Cancer Institute Imaging Data Commons**

Andriy Fedorov, PhD, BWH

3. **The Cancer Research Data Commons (CRDC)**

Keyvan Farahani, PhD, NCI

2021:

1. **ePAD**

Daniel Rubin, MD, Stanford University

2. **Integrative Imaging Informatics for Cancer Research**

Daniel Marcus, PhD, Washington University at St Louis

3. **RadxTools for Assessing Tumor Treatment Response on Imaging**

Satish Viswanath, PhD, Case Western Reserve University

2022:

1. **BigImage Space- an environment for big image data**

Stephan Blocker PhD, G Allan Johnson, PhD, Duke University

2. **NCI Imaging Data Commons: Status, opportunities, future directions**

Andrey Fedorov, PhD, Brigham and Women's Hospital
