Pivotal Study Requirements

I. CME Course

- Complete the continuing medical education (CME) course.
 1. Create an account in the [FDA CE portal](#)
 2. Click on “Online Learning” tab
 3. Scroll down to our course: “Assessment of Stromal Tumor-Infiltrating Lymphocytes”
 - You can also use the search function on the “Online Learning” page to search for “Assessment”..

of the CME course

[Here is a link to course materials](#) available outside of the official CME course delivery platform. Email your CME completion certificate to Brandon Gallas (brandon.gallas@fda.hhs.gov).

Interactive Training

Completion of the CME course materials, you must complete the Proficiency Test on the sTILs document to continue with the Pivotal Study

Instructions will be provided in response from Brandon Gallas to your CME completion certificate. The Interactive Training can be found [here](#)

Completion of the Proficiency Test, email Brandon Gallas (brandon.gallas@fda.hhs.gov), so your questions can be assessed.

~ Pilot Study Training Materials

Training materials from our pilot study have been archived [here](#) for reference.
